

Fi-Clor[®]

0.5 Kg

BROMINE TABLETS

FOR SANITISING SPA WATER
Formulated to kill potentially harmful bacteria
and other organisms

SPA

INSTRUCTIONS

DO NOT MIX WITH OTHER PRODUCTS. DO NOT DISSOLVE BEFORE USE.

1. **On start-up:** For new spas being filled for the first time, shock dose with Fi-Clor Superchlorinator to kill any harmful organisms that might be present in water left in the circulation system from factory testing.
2. **For ongoing sanitisation:** Only use these tablets in a circulatory feeder or floating dispenser designed for bromine tablets. Check to make sure any tablets currently in use are bromine tablets. Never mix bromine tablets with any other chemical.
3. Refill the feeder or dispenser as required following the manufacturer's guidelines.
4. Test the water at regular intervals.
5. Maintain bromine levels between 4 - 6mg/l (ppm) at all times.
6. Use the controls on the feeder or dispenser to raise or lower the bromine as necessary.
7. Maintain pH at between 7.2 -7.6.
8. Shock dose regularly with Fi-Clor Spa Non-Chlorine Shock to remove organic pollutants and regenerate spent bromine.

• When empty and providing it has been rinsed out in the spa, this container may be disposed of via household recycling.

Contains Bromochloro-5, 5-Dimethylimidazolidine-2,4-Dione (>950g/kg)

CAS NO. 32718-18-6

UN3085

Danger

•H272 May intensify fire; oxidiser. •H302 Harmful if swallowed. •H319 Causes serious eye irritation. •H314 Causes severe skin burns and eye damage. •H317 May cause an allergic skin reaction.
•H410 Very toxic to aquatic life with long lasting effects. •EUH206 'Warning! Do not use together with other products. May release dangerous gases (chlorine)'. •EUH031 'Contact with acids liberates toxic gas'.

•P102 Keep out of reach of children. •P210 Keep away from heat/sparks/open flames/hot surfaces. — No smoking. •P220 Keep/Store away from clothing/other oxidizing materials/combustible materials. •P221 Take any precaution to avoid mixing with combustibles / other oxidizing materials. •P260 Do not breathe dust/ fume/gas/ mist /vapours /spray. •P261 Avoid breathing dust /fume /gas /mist / vapours /spray. •P264 Wash hands thoroughly after handling. •P270 Do not eat, drink or smoke when using this product. •P272 Contaminated work clothing should not be allowed out of the workplace. •P273 Avoid release to the environment. •P280 Wear protective gloves / protective clothing/eye protection/face protection. •P301+P330+P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. •P310 Immediately call a POISON CENTRE or doctor / physician. •P302 + P352 IF ON SKIN: Wash with plenty of soap and water. •P303 + P361 + P353 IF ON SKIN (or hair): Remove/Remove off immediately all contaminated clothing. Rinse skin with water/shower. •P305+P338+P351 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. •P333+P313 If skin irritation or rash occurs: Get medical advice/attention. •P391 Collect spillage. •P363 Wash contaminated clothing before reuse. •P370+P378a In case of fire: Use water for extinction. •P405 Store locked up. •P501a Dispose of contents/container to special treatment scheme according to official regulations.
