

Test report according EN 10.204 - 2.2

TRANSVERSAL GRATING

Codes: 00223

Raw material PP Homopolymer UV stabilized

We certify that the above listed articles comply with the following requirements:

Num.	Test method	Standard	Conditions	Units	Typical Values
MATERIAL					
1	Vicat	EN ISO 306	A50	°C	154
2	Density	ISO 1183-1	---	g/cm ³	0.90

COMPONENT

3	Appearance	Internal	Surface free from scoring, cavities, blister or impurities
4	Dimensions	Internal	Within admissible tolerances
5	Slip resistance	UNE-ENV 12633	Class 3 (Rd< 45)
6	Resistance to Vertical Load	Internal	9.6 bar

Cepex s.a.u. has its Quality management system certified according to ISO 9001:2008 just as its Environment Management system according ISO 14001:2004.
