RollPower

Pool safety cover designed to protect children under 5 years old.

Warning: This cover is not a substitute for common sense and individual responsibility. It doesn't replace an adult supervision, which remains the most essential in the protection of young children.

About the product

This single-panel cover is designed in one piece. The flat aluminum profiles and the quality of the opaque 650 g/m² fabric panel make this product stand out. No tensioning system on the lengths of the cover for faster installation and handling and a smoother winding and unwinding of the cover.

Rectangular pools only

10x5m
