

AquaSParkle

Clean Easy

Key Features

- Convenient trigger spray application
- Powerful waterline and hot tub surface cleaner
- Quickly removes grease and grime
- Non-abrasive

AquaSPARKle Clean Easy is a powerful, non-abrasive waterline and hot tub surface cleaner. Use to remove oils and greases from around the hot tub waterline. It should also be used to clean the whole hot tub surface every time the hot tub is drained and refilled.

Application Instructions

Important: Always wear gloves and eye protection when applying this product. Avoid use on windy days.

1. Test a small area of your hot tub surface to ensure compatibility.
2. If necessary, lower the water level a little to expose the area to be cleaned.
3. Apply AquaSPARKle Clean Easy directly onto the hot tub surface.
4. Gently work AquaSPARKle Clean Easy onto the hot tub waterline to remove any unsightly staining.
5. After cleaning hot tub surface, rinse thoroughly with water.
