

SandShark™ Inground Pool Cleaner
By Pentair Water Pool and Spa®

Devours dirt with unique, 2-way cleaning

The new Kreepy Krauly® SandShark™ is the latest evolution in automatic pool cleaning technology. SandShark cleans two ways. First, it scrubs your pool walls and floor; dislodging stubborn dirt particles with its rows of little rubber scrubbers. Next, it instantly vacuums away the debris and sends it to your pool's filtration system...where it belongs.

Thanks to Kreepy Krauly SandShark, hand vacuuming and dirty pools are about to become extinct.

- SandShark features the exclusive SmartTrac™ programmed steering. SmartTrac assures complete cleaning coverage from your pool floor to the waterline, maneuvering SandShark around corners, swim-outs and steps. It's truly a "set it and forget it" pool cleaner.

- 2-way cleaning action—patented footpad design scrubs and dislodges debris from the pool surface while its powerful vacuum action whisks it away.
- Wide body design allows the Kreepy Krauly SandShark to cut a broad 12" cleaning path for fast cleaning.

SandShark's rows of flexible rubber scrubbing teeth dislodge stubborn dirt and vacuum it away.

The brand of choice for more than
3 million pool owners worldwide.
