

SPA-QUIP

SPA POWER VARIABLE COLOUR LIGHT (SPVCL)

Utilising the latest in efficient LED technology the SPVCL offers long life and a range of vibrant colours to make any pool look stunning. The SPVCL simply plugs into any of the latest Spa Power range of controllers and is controlled via the controllers pool side touchpad, making it a perfect accessory. The range of colours and modes of operation are dependant on the controller. Installation as per a standard 2.5 inch pool light.

Features

- Energy efficient design, Maximum 12V current drawn is less than 0.08A
- Typically LED life of 50,000hrs to 100,000hrs compared to a normal incandescent bulb life of between 5,000hrs to 15,000hrs.
- Energy efficient design means the SPVCL runs far cooler than a normal bulb
- Perfectly matched primary colours support smooth colour mixing
- Light output exceeds that of a typical 9W bulb using filter lenses.

Approvals

Matches the Spa Power range of equipment offering safety, EMC and immunity approvals to EN standards, making it suitable for sale in markets such as Europe, Australia and New Zealand

Specifications

SPVCL lens face dimension	78.5mm diameter
SPVCL body dimensions	62.5mm x 34.5mm
Operating voltage	12V DC
Temp - max ambient	45°C
Control lead length	2.5m
Recommended pool hole	65mm
